

## Grants by Grant Cycle

Grants matching your search for 2013-14 *Illegal Disp. Site & LF Cleanup Remediation Grants (SWC54 )*

### Los Angeles County

**Grantee:** City of Santa Monica

**Amount Awarded:** \$398,064.00

**Grantee Contact:** Ms. Patty Manalo

**CalRecycle Grant manager:** Alan Zamboanga

**Project Summary:** Multi-Family Move-in Move-Out Program

In FY 2011/2012 the City implemented a pilot alley clean-up program which collected over 600 tons of illegally dumped materials from low income housing complexes and homeless encampments.

The City would like to expand this program to proactively, rather than reactively, address illegal dumping issues. Currently, a crew of 2 FTE and 2 PT Chrysalis workers respond to customer complaints of illegally dumped materials.

A proactive approach, canvassing the alleys daily by quadrant, would further reduce the garbage entering our storm drains to the bay, and reduce public health risks due to vermin and pestilence as a result of illegally dumped materials amassing in our alleyways.

In addition, the City would like to initiate a multi-family bulky item collection program in which buildings are assigned a specific date for collection of bulky materials. These materials could then be recycled or reused as part of our City Zero Waste Operational goals.

Seventy (70%) percent of the City's demographic is multi-family residences. This proactive program would assist in the reduction of illegally dumped materials due to tenant transitions.

*Total Awarded for County:\$398,064.00*

### San Bernardino County

**Grantee:** City of Hesperia

**Amount Awarded:** \$131,478.00

**Grantee Contact:** Julie Ryan

**CalRecycle Grant manager:** Alan Zamboanga

**Project Summary:** The City of Hesperia has a significant and increasing problem with illegal dumping that is creating serious public health and safety issues. During the past three years the City has collected over 330,000 pounds of illegally dumped waste; has dedicated over 3,000 hours cleaning up City streets and open desert in an effort to protect the health and safety of the community; spent over \$3,800 in equipment repair cost; and spent over \$540,000 in personnel salaries and volunteer time.

Due to budget constraints City personnel are only able to react against illegal dumping activity. The City is requesting \$339,604 in grant funds to fund a proactive program that addresses the problem of illegal dumping and to develop and implement a strong public education component about the health and safety impacts of illegally dumped solid waste. Being proactive with our approach would improve the quality of life for Hesperia residents.

*Total Awarded for County:\$131,478.00*

**Grant Count:** 2

**Grand Total for Selected Counties: \$529,542.00**
